World Dog Show 2018 – Amsterdam, The Netherlands

Dear WDS18 Participants,

After a successful WDS15 in Milan, Italy, I am excited to have created a private travel program, tailored made just for the dog lovers and their friends in conjunction with the 2018 Word Dog Show in Amsterdam, The Netherlands.

It will be an exciting, fun and different experience. You will have an opportunity to appreciate not just the show itself, but also some of the picturesque areas and towns in The Netherlands

History, Scenery, Legends... The Netherlands is one of the most exciting and interesting place to visit in Europe. Land of explorers, artists, fun, merchants and people with a lot of ingenuity and creativity.

We will travel as a group and I am asking for your kind cooperation to make this a trip to remember. I am there with you to make this experience as exciting as possible. Therefore, we will arrange drop off and pick ups to the Dogs Show for that specific day people wish to attend and for the others we will tour beautiful and interesting places instead. In the evening, we will enjoy authentic cosy restaurants in typical Dutch places. For the extra days in the Netherlands, we will visit Amsterdam, picturesque towns, and many other typical landmarks of this unique and beautiful country. You will experience the culture of the local people, the unique environments, relaxing moments, shopping, art, gardens, architecture, beauty of the countryside, the sharing of memorable moments together, and of course, local Traditional Cuisine & Beer (...and also “imported wine!”). So, let’s all embark on this journey and let’s have many toasts together!
